PROFILE

I'm a BSIT graduate majoring in Business Analytics, focusing on software development, business analysis, and IT support. I enjoy building practical applications that solve real problems and improve daily workflows. Alongside development, I have hands-on experience troubleshooting technical issues, setting up workstations, and automating everyday tasks.

EXPERIENCE

Founder & Lead Developer | Kasapi Connect (*kasapi-connect.vercel.app*) 2026 - Present

- System Architecture:** Architected and built an offline-first smart gym management desktop application using Tauri and React.
- Backend & Database:** Designed robust data models and integrated local SQLite storage for seamless, lightning-fast offline operation.
- Core Features:** Developed automated QR check-ins, an integrated Point of Sale (POS) system, and instant analytics dashboards.
- Product Strategy:** Directed the UI/UX design of a high-conversion landing page and orchestrated the product launch.

Technical Intern | COMELEC (Public Sector) 2026

- System Operations:** Facilitated voter registration processes and managed certificate issuance, ensuring 100% data accuracy and efficient document turnaround.
- Technical Support:** Provided Tier-1 IT support, resolving hardware and software issues for staff and public-facing workstations to minimize operational downtime.
- Workstation Setup:** Assisted in assembling, configuring, and deploying PC hardware and workstations for staff and public use.
- Service Management:** Managed public inquiries and form-based service requests, acting as a bridge between technical systems and user-friendly service delivery.

Freelance Technical Consultant | Self-Employed 2022 - Present

- Web Development:** Designed, built, and deployed responsive web applications and custom user interfaces for various clients.
- IT Support & Troubleshooting:** Provided freelance technical support, troubleshooting hardware, software, and configuration issues for local clients.
- Network Engineering:** Designed and simulated complex network topologies using Cisco Packet Tracer to support academic infrastructure projects.
- Scripting & Automation:** Developed Python-based data processing scripts in Google Colab to automate repetitive tasks for various clients.
- Technical Documentation:** Authored comprehensive technical documentation, project specifications, and user guides.

PROJECTS

Dayframe | *Next.js 15, Tauri, Rust, MongoDB* github.com/zvincent07/dayframe

- A desktop productivity journaling app bridging Next.js and Tauri/Rust with a local daemon shell for fast startup and offline-native feel.
- Designed a modular frontend architecture, integrating Rust APIs via Tauri to build a highly responsive and lightweight system utility.

InvenTrack | *PostgreSQL, Express, React, Node, RBAC* inventrackgso.onrender.com

- Centralized asset lifecycle management system designed to eliminate manual tracking and auditing bottlenecks.
- Built a secure GSO inventory platform with RBAC, structured lifecycle states, and a single source of truth, solving spreadsheet mismatches and slow approvals.

TECHNICAL SKILLS

FRONTEND

React, Next.js, TypeScript, Tailwind CSS, Zustand, ShadCN

BACKEND

Node.js, Express.js, REST APIs

DATABASE

PostgreSQL, MySQL, Supabase, MongoDB, SQLite

TOOLS

Git, GitHub, Vercel, Tauri, Figma, Postman

IT SUPPORT & NETWORKING

IT Support, PC Building, Troubleshooting, Active Directory, Windows Server, Networking Basics

CURRENTLY LEARNING

Rust, Language-Agnostic AI Development, OpenAI API, LLM Integration

EDUCATION

2026

Computer Systems Servicing NC II

LCTI Lipa City Training Institute

National certification covering computer systems assembly, network setup, and troubleshooting.

2022 - 2026

BSIT (Business Analytics)

Batangas State University

Bridged raw data and actionable insights through full-stack development and systems analysis.

2020 - 2022

SHS Diploma (STEM)

The Mabini Academy

Strong logic and calculus foundation.

LANGUAGES & STRENGTHS

Languages

English (Fluent) | Filipino (Native)

Key Strengths

Systems Analysis & Design | Technical Writing | Agile & Scrum | Communication & Collaboration | Rapid Adaptability | Troubleshooting & Logic
