PROFILE

I'm a BSIT graduate majoring in Business Analytics, focusing on software development, business analysis, and IT support. I enjoy building practical applications that solve real problems and improve daily workflows. Alongside development, I have hands-on experience troubleshooting technical issues, setting up workstations, and automating everyday tasks.

EXPERIENCE

- Founder & Lead Developer | Kasapi Connect** ([kasapi-connect.vercel.app](#)) 2026 - Present
- System Architecture:** Architected and built an offline-first smart gym management desktop application using Tauri and React.
 - Backend & Database:** Designed robust data models and integrated local SQLite storage for seamless, lightning-fast offline operation.
 - Core Features:** Developed automated QR check-ins, an integrated Point of Sale (POS) system, and instant analytics dashboards.
 - Product Strategy:** Directed the UI/UX design of a high-conversion landing page and orchestrated the product launch.

- Technical Intern | COMELEC (Public Sector)** 2026
- System Operations:** Facilitated voter registration processes and managed certificate issuance, ensuring 100% data accuracy and efficient document turnaround.
 - Technical Support:** Provided Tier-1 IT support, resolving hardware and software issues for staff and public-facing workstations to minimize operational downtime.
 - Workstation Setup:** Assisted in assembling, configuring, and deploying PC hardware and workstations for staff and public use.
 - Service Management:** Managed public inquiries and form-based service requests, acting as a bridge between technical systems and user-friendly service delivery.

- Freelance Technical Consultant | Self-Employed** 2022 - Present
- Web Development:** Designed, built, and deployed responsive web applications and custom user interfaces for various clients.
 - IT Support & Troubleshooting:** Provided freelance technical support, troubleshooting hardware, software, and configuration issues for local clients.
 - Network Engineering:** Designed and simulated complex network topologies using Cisco Packet Tracer to support academic infrastructure projects.
 - Scripting & Automation:** Developed Python-based data processing scripts in Google Colab to automate repetitive tasks for various clients.
 - Technical Documentation:** Authored comprehensive technical documentation, project specifications, and user guides.

PROJECTS

- Dayframe** | [Next.js 15, Tauri, Rust, MongoDB](#) [github.com/zvincent07/dayframe](#)
- A desktop productivity journaling app bridging Next.js and Tauri/Rust with a local daemon shell for fast startup and offline-native feel.
 - Designed a modular frontend architecture, integrating Rust APIs via Tauri to build a highly responsive and lightweight system utility.
- InvenTrack** | [PostgreSQL, Express, React, Node, RBAC](#) [inventrackgso.onrender.com](#)
- Centralized asset lifecycle management system designed to eliminate manual tracking and auditing bottlenecks.
 - Built a secure GSO inventory platform with RBAC, structured lifecycle states, and a single source of truth, solving spreadsheet mismatches and slow approvals.

TECHNICAL SKILLS

- FRONTEND**
React, Next.js, TypeScript, Tailwind CSS, Zustand, ShadCN
- BACKEND**
Node.js, Express.js, REST APIs
- DATABASE**
PostgreSQL, MySQL, Supabase, MongoDB, SQLite
- TOOLS**
Git, GitHub, Vercel, Tauri, Figma, Postman
- IT SUPPORT & NETWORKING**
IT Support, PC Building, Troubleshooting, Active Directory, Windows Server, Networking Basics
- CURRENTLY LEARNING**
Rust, Language-Agnostic AI Development, OpenAI API, LLM Integration

EDUCATION & TRAINING

- 2026**
Japanese Language & Culture
LCTI Lipa City Training Institute
Basic Japanese language & culture training. *(Certificate to be issued Dec 2026)*
- 2026**
Computer Systems Servicing NC II
LCTI Lipa City Training Institute
National certification covering assembly, network setup, and troubleshooting.
- 2022 - 2026**
BSIT (Business Analytics)
Batangas State University
Bridged raw data and actionable insights through development and systems analysis.
- 2020 - 2022**
SHS Diploma (STEM)
The Mabini Academy
Strong logic and calculus foundation.

LANGUAGES & STRENGTHS

- Languages**
English (Fluent) | Filipino (Native) | Japanese (Basic)
- Key Strengths**
Systems Analysis & Design | Technical Writing | Agile & Scrum | Communication & Collaboration | Rapid Adaptability | Troubleshooting & Logic
